

SLAM DUNK

EST Gee

Yeah

My G6 just kicked in
This Perc 10 just kicked in
I don't come up I go down again
Stand over her I'm throwing it in
Clap back I'm breaking a limb
She like dammit a minute don't quit (I'm not)
This G6 just kicked in
This Perc 10 just kicked in

Yeah I got a AP just costing a kick
It's a great day pull out the whips
Who I would go against don't exists
When we swift I had mine on blicky
It's my flaw I ain't afraid to admit
I forgive but I never forget
I don't pay em to spray em and miss
You get trophies from winning events
Not for talking shit turned off attempts
When we smoke em' pull up the vent
King died just five em the risk
You don't ball you still on the bench
So quit speaking on me like a bitch
Like I care 'bout my hairline getting thin
All my pockets are stuffed with a fist
It's a side effect whipping this fit
Keep hating it's helping me win
Watch ya step before you fall in this pit
She keep teasing me licking the tip
Grab her neck and I lift up her chin
That's enough get you sucked like a tick
Ain't no way that these lips pay yo rent
Pull my pants up and tuck in my blick
Fire up my filter tip up then it hit

Yeah

My G6 just kicked in
This Perc 10 just kicked in
I don't come up I go down again
Stand over her I'm throwing it in
Clap back I'm breaking a limb
She like dammit a minute don't quit (I'm not)
This G6 just kicked in
This Perc 10 just kicked in

That G6 just kicked in
I'm geeked up me and my twin
Just jugged a quarter M this week
Next week I'ma do it again
Slam dunk that dope in a pot
You lose a couple grams and spin it again
Getting rich ain't easy
You gotta lose it all to win
I'm geeked up, I'm geeked up
I come down, pop a half go right up
She geeked up, I told her bring her sister with her
That G6 got me so high, I told her a hunnid dollas a pump

No cap
Kicked her out tried to steal my jewelry
Bitch I'm geeked I ain't drunk

Yeah
My G6 just kicked in
This Perc 10 just kicked in
I don't come up I go down again
Stand over her I'm throwing it in
Clap back I'm breaking a limb
She like dammit a minute don't quit (I'm not)
This G6 just kicked in
This Perc 10 just kicked in
