EST Gee

(Flexin')

Yeah, Percocets and Adderall together make me feel better
Kiss her in her mouth last time I hit her, make her feel special (FOREVEROLL
ING)
I ain't one of them niggas out here wishin' that he did better
Although it's still opps who need to go, you know we killed several
I smoke niggas back to back, I can't even tell which pack is better
'Fore I had a rap dream, I had pounds of cheap and vacuum sealers
See me pop out fly, but ain't even notice me, a caterpillar
I can look him in his eyes and tell that he is not a killer
Niggas know we knock shit out the socket off of Poplar Level
Oxy' help a nigga get a body off his conscience quicker
That line ain't for you, you ain't like me, you ain't never shot a nigga
Stay out for three days buttered of jiggas, I'm tryna cash a ticket
I'ma get up close, fuck from a distance, I got foggy vision
Way that AR hit him, he won't survive, it must've been God decision

Only the strong survive
Can't run or hide
My nigga, you gon' slide or die?
Four nick' hit him, had him spinnin' like the Jackson 5
I'm talkin' dance, nigga
Don't do no playin' with 'em
Walk through the land, chop stuffed down in my pants 'cealing
I'm on some bad shit
I'm talkin' all hits
I'm on some bad shit
Who you think you playin' with?
I'm on some bad shit
Watch who you playin' with
Yeah (Go)

I wanna say, "Only the strong survive"
But in Memphis, even strong niggas die (No lie)
I remember times when shots only came from the other side
Be your niggas doin' the snakin' now, everybody swear they slime (Slatt)
If they sweep, gon' be the first to tell 'bout crimes to cut his time (Rat)
That's a goddamn shame (Facts)
Bloody money, dirty pistol in the all white Range (Skrtrt)
Nuski watchin', so today, I put on all my chains (Living)
Purple drank in my cup, I feel like Kurt Cobain
Nothin' I can do 'bout the past (At all)
Put all my focus on now (This moment)
Due to my level of trust, some of my niggas can't come to my house
Go catch you a body, go stand on that business
Pick you a side, gotta make a decision
You know them switches gon' shoot with no limit (Frtrt)
Swipin' them left to right, switchin' these bitches (Uh)
I been like this for a minute
Bagg

Only the strong survive
Can't run or hide
My nigga, you gon' slide or die?
Four nick' hit him, had him spinnin' like the Jackson 5
I'm talkin' dance, nigga

Don't do no playin' with 'em

I'm on some bad shit
I'm talkin' all hits
