

# THE BIGGEST

EST Gee

It's some bitches I'll wife, and it's some bitches I like  
It's some bitches I made love to, and bitches I pipe  
It's some bitches on the 'gram that I'll fly out tonight  
Just like this bitch I can't forget, do her like riding a bike

It be the bitches that I never met, that pull out they mind  
My bitches knew that bitch was lying soon as they post it online  
I'm a one and done I ain't tryna fuck four times  
Hit your buddy up, I ain't on that one-on-one vibe  
All my bitches know I say it  
I don't mean it as bad  
All bitches know if you my bitch  
I'm the best that you had  
And if my bitches get smashed  
Then my bitch in the past  
Still my bitches when they answer  
You was running in last

Yeah, I'm the biggest realist, the most money Guinness  
The flowers, dollars, the biggest big Doggas  
The bottles out bosses, yeah, that's what they all call me  
I bought her ass shots, cushion when I fall on her  
The clothes, the dopers, the most smoke wanters  
The rumors, the ridges, the Ignance, the Ignornace  
I told her ain't no limit get the biggest of the biggest  
Of the biggest, of the biggest  
Of the biggest, of the biggest  
You can get it

Uh big as Beyonce, Jigga  
Big as [?] and Tigga  
Or Will and Jada Pinkett  
Exchanging feelings cool, I'm there  
I'll leave you hating nigga  
But I ain't into saving bitches  
Playa since my baby picture  
The love you show me in my face  
One of the greatest feeling  
The love you show while I'm away  
How you gone' fake a feeling?  
Why I ain't changing pictures  
I'm escaping bitches  
Pay me, take a picture  
Pay her, kiss it, pay her tickets in  
So she don't take it with her  
I don't look at it as tricking  
I look at as handling business  
If you got it and I want it  
I'ma pay to come and get it  
If I buy it, then I own it  
I'm the last nigga with it  
Unless I loan it to my niggas  
We gon' treat it like a rental

Yeah, I'm the biggest realist, the most money Guinness  
The flowers, dollars, the biggest big Doggas  
The bottles out bosses, yeah, that's what they all call me

I bought her ass shots, cushion when I fall on her  
The clothes, the dopers, the most smoke wanters  
The rumors, the ridges, the Ignance, the Ignornace  
I told her ain't no limit get the biggest of the biggest  
Of the biggest, of the biggest  
Of the biggest, of the biggest  
You can get it
