

## Maybe It's Me

E^ST

I left the party, nobody saw me go  
Run for the midnight bus to go home alone  
Don't make the kinda dough just to pay my rent  
Don't wanna ask my mom for the cash again

I've been looking for the reason why I'm sucking at this  
I've been pointing fingers, can't find a winner  
I'm getting triggered 'cause maybe it's so obvious

Maybe it's me  
Maybe it's me  
I'm not unlucky  
'Cause maybe it's just me  
Maybe it's me  
Maybe it's me  
I'm not unlucky  
'Cause maybe it's just, maybe it's just  
Me, me, me, me, me, me, me, me, me  
Me, me, me, me, me, me, me, me, me

I had a boyfriend, now he's another ex  
We made it three months in then he lost interest  
I'm skipping breakfast, I'm eating birthday cake  
Waiting for things to change but I just can't wait

I've been looking for the reason why I'm sucking at this  
I've been pointing fingers, can't find a winner  
I'm getting triggered 'cause maybe it's so obvious

Maybe it's me  
Maybe it's me  
I'm not unlucky  
'Cause maybe it's just me  
Maybe it's me  
Maybe it's me  
I'm not unlucky  
'Cause maybe it's just, maybe it's just  
Me, me, me, me, me, me, me, me, me  
Me, me, me, me, me, me, me, me, me
