

You ain't got no screentime  
You ain't got no scene  
I ain't got no screentime for a drama queen  
You ain't even acting  
Shit's been gettin' real  
Looking for reactions I'll tell you how I feel  
Tell you how I feel

Hollywood is the place for you  
Be on the red carpet, baby, yeah I'll say that I knew it all  
Catherine [?] got nothin' on you  
Go win an Oscar, baby, yeah you know how to do it all

But you ain't down with me  
I ain't got no screentime for you, baby  
Yeah you ain't down with me  
I ain't got no screentime for you, baby

All up in the headlines  
Down with all the [?]  
You are not a friend of mine  
Never will or had  
You ain't even acting  
Shit's been gettin' real  
Looking for reactions I'll tell you how I feel  
Tell you how I feel

Yeah you ain't down with me  
I ain't got no screentime for you, baby

You take your lines with you everywhere you go  
I don't wanna know you  
I don't wanna know  
You take your lines with you everywhere you go  
I don't wanna know you  
I don't wanna know
