

## Fire

Estelle

I feel you on the way to me  
Smelling like a fantasy  
Hennessy on Hennessy  
4D vibes are guaranteed

I'm not looking for a dub  
And my company's enough  
Who gon' make me fall in love  
I'm looking for the one who'll make me

Catch a fire  
Burn me brighter  
Take me higher  
Oohh

Catch a fire  
Burn me brighter  
Take me higher  
Oh love, would you put on these wings and fly this way...  
Fly this way...

I might like the way you roll (roll that thang up)  
And that thang makes it personal  
(Very personal)  
And after sex I'll make you snacks  
They don't know nothing 'bout that (about that)

I'm not looking for a dub  
And my company's enough  
Who gon' make me fall in love  
I'm looking for the one who'll make me

Catch a fire  
Burn me brighter  
Take me higher  
Oohh

Catch a fire  
Burn me brighter  
Take me higher  
Oh love, would you put on these wings and fly this way...  
Fly this way...

Love, would you put on your wings and  
Fly this wave...  
Fly this way...
