

# Good for Us

Estelle

Sometimes I worry when you're working late  
I know you got a lot on your plate  
I see your passion and I think it's cool  
I think it's sexy that you live your truth

Now I might tell you "speed it up"  
But I won't tell you "give it up"  
'Cause I'm not like the regular  
Together we're so much better

It might not be good for anyone else  
But it's good for us  
And I'm so glad that I found somebody  
That I can trust  
'Cause babe I got you  
You got me too

I know you could be out there doing dirt  
But you know what our love is worth  
Folks always expect the worse  
But I see us on top of the world

I might try to speed it up  
But I won't tell you "give it up"  
'Cause I'm not like the regular  
Together we're so much better

It might not be good for anyone else  
But it's good for us  
And I'm so glad that I found somebody  
That I can trust  
'Cause babe I got you  
You got me too

Listen, yeah we got potential  
So I'll keep it simple  
When it comes to you  
We're my favorite people  
So whether things go up or down  
It's still you

It might not be good for anyone else  
But it's good for us  
And I'm so glad that I found somebody  
That I can trust  
'Cause babe I got you  
You got me too

It might not be good for anyone else  
But it's good for us  
And I'm so glad that I found somebody  
That I can trust  
'Cause babe I got you  
You got me too
