

Ohh, ohh

Seen them come, I seen a few
But there is no other ones who can get to you
Darlin', I was walkin' fast, not checkin' you
And my ego are the one's [?] from you

Are you up here to stay?
And you can, you gave me the days
Are you up here ready to stay?
Ah, let's go

Let's go on, be one to fall (Be one to fall)
I been in and out of time waitin' on you (Yeah)
We seen the world (Seen the world) we found the truth (We found
the truth)
Proof that everybody else was just a ruse (Just a ruse)
I'm your bag (Your bag), your [?]
Take these wings and [?] these hearts and help you fly
Be on this field (On this field), let's take a ride (Take a ride)
Goin' higher, baby, 'til we multiply

Are you up here to stay?
And you can, you gave me the days
You up here ready to stay?
Ah, let's go

We should go home
We must go home
