

# I Wanna Love You

Estelle

Haaaaa haaaaa (haaaa haaaaa)  
There!  
Haaa ohhhh  
Yeah ok  
S'too the rets yo

(2x):

I wanna love you,  
I wanna hold you,  
I wanna kiss you,  
I wanna hug you

Well i get these gaps in time  
Where i've been spacin you on my mind  
... you make me feel so fly,  
... singin me lullaby's  
I like how bad it seems so wrong  
To feel this weighing it feels so strong  
You better sing me a lullaby  
So baby come on come one

(2x):

I wanna love you,  
I wanna hold you,  
I wanna kiss you,  
I wanna hug you

You come over and you kiss my face (you kiss my face)  
Felt like i want you more without saying a thing ??  
Memorizing this moment believe i la la la la la  
You took my hands you kiss my lips  
Im thinking this is it

(2x):

I wanna love you,  
I wanna hold you,  
I wanna kiss you,  
I wanna hug you

...
