

Outside

Estelle

I'm the girl with crystals in her hair
Diamond is the life that's in her head
Everything is just a little rare
That's how I walk on the outside
Stay on the out

Living life like I don't even care
Carefully, I stay around the square
Put together, everybody stares
That's how I walk on the outside
Stay on the out

Everything is just a little rare
Living life like you don't have a care
Carefully, you stay around the square
That's how you walk on the wild side
Walk on the outside

I'm the girl with crystals in her hair
Diamond is the life that's in her head
Put together, everybody stares
That's how you walk on the wild side
Walk on the wild

You'll be fine (You'll be fine)
You'll be good (You'll be good)
You'll be right (You'll be right)
Where you should
Play all day
You could stay
But, baby, walk on the outside
Walk on the out

You'll be fine (You'll be fine)
You'll be good (You'll be good)
You'll be right (You'll be right)
Where you should
Play all day
Y'all could stay
But, baby, walk on the outside
Walk on the outside

Baby, it's so nice to be a-
Baby, it's so nice to be a-
Baby, it's so nice to be a-
Baby, it's so nice to be a
Lover of your heart

You'll be fine (You'll be fine)
You'll be good (You'll be good)
You'll be right (You'll be right)
Where you should
Play all day
You could stay
But, baby, walk on the outside
Walk on the out

You'll be fine (You'll be fine)
You'll be good (You'll be good)
You'll be right (You'll be right)
Where you should
Play all day
Y'all could stay
But, baby, walk on the outside
Walk on the outside

If everything becomes a little much
Close your eyes and try to get in touch
Oh, holler over anytime you want
Make sure it's all on the outside
All on the out

You'll be fine
You'll be good
You'll be right
Where you should
Play all day
Y'all could stay
But, baby, walk on the outside
Walk on the out

You'll be fine (You'll be fine)
You'll be good (You'll be good)
You'll be right (You'll be right)
Where you should
Play all day
Y'all could stay
But, baby, walk on the outside
Walk on the outside

Baby, it's so nice to be a-
Baby, it's so nice to be a-
Baby, it's so nice to be a-
Baby, it's so nice to be a-
