

## Time Share (Suite 509)

Estelle

Lovin' you is existential  
Touchin' you, supplemental  
Body was just a rental  
(Time share)  
On the bed of the continental  
Don't tell me nothin' 'bout coincidental  
That time we fogged out the oriental  
(Time share)

We got 'til noon 'til the checkout  
So much of you I wanna check out  
But all I ever see are these blinds  
And I know the shower ain't mine, and this Bible sure ain't mine

(All up in that suite)  
(Tears all on my sheets)  
Lovin' you is the sweetest of mine

We was smokin' a J Dilla  
The cops passed by our villa  
We told 'em everything is oh killa  
And you had me against that pillow  
Sunrise, no But here we are back to vanilla  
It's the standard of a standard time share

We got 'til noon 'til the checkout  
So much of you I wanna check out  
But all I ever see are these blinds  
And I'm always chasin' that time, to get back to 509

(All up in that suite)  
(Tears all on my sheets)  
Lovin' you is the sweetest of mine

No need for reservations, or hesitations  
Baby, we don't have time to waste  
Let's take advantage of this opportunity, the space  
Unlace the lace so I can place you in places you ain't been before  
They givin' us hints, slidin' the receipt under the door  
But I wanna take this time to explore some more  
You took off imaginin' cloud 9s, well this is when you began to soar  
Went from hopin' to floatin', levitatin' on the top floor  
Suite, time is tickin', room service, time to eat, feast  
I would beat around the bush but you're a neat freak  
Got me speakin' in tongues, let me try and speak your body language  
When I speak, you lunge  
Oh you gon' get it when I hit it  
I got a feelin' we gon' be doin' it on the ceilin', I love how you get it  
You get me, I understand you  
You look me in the eyes so I know that you're with me, baby, I'm with you  
Damn that ocean, you're the best view  
They gon' need a whole crew to clean up what we do  
We knew that this one moment would feel like a lifetime  
I feel so alive, you must be a lifeline  
A special part of my timeline  
Time ain't fair, yeah, time flies  
But I'll be here, I promise I'll be here

Every time you wanna share time  
In room 509
