Wonderful Life

Estelle

What makes my day slow down
Watching the rain and now I'm not on time
I'm 'bout to lay down and cry
Boss on the other line
Had a fight with my man, cause he
Swears I'm lying to him constantly
Causing drama like you won't believe
Just one day, I wanna wake up and say

Hey! I'm winning today
My smile is OK at the end of the line
And I'm fine, no thorns in my side
Somebody remind me, it's a wonderful life
La da da la da
It's a wonderful life
Sing la da da la da
It's a wonderful life

It's not that I never cared
But my position here is just alright
And then they tell me I lost my job
But I won't give up
This just hasn't been my day at all
But I'm about to get this manicure
As my back is up against the wall
I pray one day that I can wake up and say

Hey! I'm winning today
My smile is OK at the end of the line
And I'm fine, no thorns in my side
Somebody remind me, it's a wonderful life
La da da la da
It's a wonderful life
Sing la da da la da
It's a wonderful life

And if you feel how I feel
You know what to do
Sing it with me, come on
La da da la da la da
Singing la da da la da la da
Singing la da da la da la da

Just one day

Hey! I'm winning today
My smile is OK at the end of the line
And I'm fine, no thorns in my side
Somebody remind me, it's a wonderful life
La da da la da
It's a wonderful life
Sing la da da la da
It's a wonderful life
Sing la da da la da
It's a wonderful life
Sing la da da la da
It's a wonderful life
