

# Crazy Youngsters

Ester Dean

One day the water'll be gone  
They'll be no one here to walk the lane  
One day what you know we'll be grown  
They'll be no one here to hold your hand

Right now we're crazy youngsters  
Cameras runnin out, but who cares we're runnin free  
They call us crazy youngsters  
We don't apologize, we're mad and runnin free

They call us crazy youngsters  
Cameras runnin out but who cares we're running free  
Hell yeah, we're crazy youngsters  
Won't apologize, we're mad and runnin free  
(Cause we got) Hey, we got a lot of things to do (Hey)  
Hey, we got a lot of things to prove  
(Yeah we got) Yeah we got a lot of road to go  
(Hey) Yeah we got a lot of miles to go  
So we keep driving, we keep driving

One day when the story's all told  
They'll be no more words to fill the page  
One night when the stars are gone  
They'll be no more light to guide the way

Right now we're crazy youngsters  
Cameras runnin out, but who cares we're runnin free  
They call us crazy youngsters  
We don't apologize, we're mad and runnin free

They call us crazy youngsters  
Cameras runnin out but who cares we're running free  
Hell yeah, we're crazy youngsters  
Won't apologize, we're mad and runnin free  
(Cause we got) Hey, we got a lot of things to do (Hey)  
Hey, we got a lot of things to prove  
(Yeah we got) Yeah we got a lot of road to go  
(Hey) Yeah we got a lot of miles to go  
So we keep driving, we keep driving

(Oh) We keep driving, we keep driving (driving, driving, hey)

Don't blink till its over  
The fun has just begun  
Let's finish the race  
While our hearts are young

(Cause we're) Cause we're crazy youngsters  
Cameras runnin out but who cares we're runnin free  
Hell yeah we're crazy youngsters (crazy youngsters)  
Won't apologize, we're mad and runnin free  
(Cause we got) Hey, we got a lot of things to do (Hey)  
Hey we got a lot of things to prove  
(Yeah we got) Hey, we got a lot of road to go  
(Hey) Yeah we got a lot of miles to go  
So we keep driving, oh ooh oh

Hell yeah we're crazy youngsters  
We keep drive, drive, drive, driving
