Ester Dean

Momma didn't raise no girl to be like this (No, no)  
I'm normally secure about this shit (Oh, oh)  
I know that she might want you too (oh, oh)  
And she just might love you, just like I do (oh, oh)

Jealousy's a motherfucker  
And I'm a jealous motherfucker  
Jealousy's a motherfucker  
And I'm a jealous motherfucker

So, where you going? Where is that?  
Where's your phone? Call me back  
Don't you know I'm jealous than a motherfucker  
Jealous than a motherfucker  
Where you going? Where is that?  
Where's your phone? Call me back  
Don't you know I'm jealous than a motherfucker  
Jealous than a motherfucker

I swear to god I don't know how I got like this (oh, no)  
The last nigga that I had, I didn't give a fuck (oh, no)  
Maybe it's the way you let me ride that... (oh, oh)  
So I won't let nobody break it up, oh no (oh, no)

Jealousy's a motherfucker  
And I'm a jealous motherfucker  
Jealousy's a motherfucker  
And I'm a jealous motherfucker

So, where you going? Where is that?  
Where's your phone? Call me back  
Don't you know I'm jealous than a motherfucker  
Jealous than a motherfucker  
Where you going? Where is that?  
Where's your phone? Call me back  
Don't you know I'm jealous than a motherfucker  
Jealous than a motherfucker

Jealousy's a motherfucker  
And I'm a jealous motherfucker  
Jealousy's a motherfucker  
And I'm a jealous motherfucker

So, where you going? Where is that?  
Where's your phone? Call me back  
Don't you know I'm jealous than a motherfucker  
Jealous than a motherfucker
