

Keeper

Ester Dean

How you let a bad motherfucker like you go
How you let a cold ass bitch like you roll
How you didn't see what I see, man I don't know
He must've got a bruise or a bump on his ego
Had 'em slipping, now his bitch gone

And I hope he don't come around here
Playin' like I'm doing right here
I'ma show 'em what to do around here
Have 'em fuckin' real good around here
And I hope he don't come around here
Playin' like I'm new around here
I'ma show 'em what to do around here
Have 'em fuckin' real good around here

Shawty, you're a keeper
Yeah, she's a keeper
Glad that nigga didn't keep her
Cause I'ma make her mine
Shawty, you're a keeper
Yeah, she's a keeper
Glad that nigga din't keep her
Cause I'ma make her mine

How he get mad when you see you in the Rolls Royce
All up in this feelings once you back, man we so close
How you let a chick take your bitch, man I don't know
He must've got a bruise or a bump on his ego
Had 'em slipping, now his bitch gone

And I hope he don't come around here
Playin' like I'm doing right here
