

# Love You

Ester Dean

Everybody say that you only fall in love one time, one time  
And i don't mind it 'cause the truth  
'Cause i can only love you in my mind oh  
In my mind, in my eyes in my heart from the start to the end  
You don't know how much i love you

Chorus:

But let me show you yeah yeah  
More then i do yeah yeah  
Baby i do yeah yeah  
I i love you, i i love you,  
Yeah I love you, love you, love you baby

Every day of my life I'll try to show you how much you worth to  
me  
And ain't no taking back this heart my love has a guarantee yea  
h  
It won't rack it won't shake it won't let you down  
From the start to the end you don't know how much i need you

[Chorus:]

You are the person that i think about, yes you are  
When I wake up you all i think about, oh oh  
You are my last thing that i think about, baby  
And i go to sleep all i think about,  
'Cause you baby i know  
My heart belongs to you  
But if you don't know me
