

Out Of Your Life

Ester Dean

Hey na na na, hey na na na na, hey na na na, hey, hey
I know that you're thinking you're alright
It does has it hit you but
I know cold calls, ripping through your door
You nodes it more, you nodes that I don't come around like I used to
I, don't call you up to say I love you, oh
Who you will nodes baby I'm really gone

One day you'll open your eyes
And you'll realize
How you're all alone
Cause you've pushed me out the line
Do you know that I'm out girl?
Do you know that I'm out girl?
Do you know that I'm out girl?
I'm out your life

I try so hard to stick around
But I had no support you knock me down
Over and over, we're farther than closer
And I didn't want to end this way
I wonder if you nodes it baby
You nodes it more, you nodes that I don't come around like I used to
I, don't call you up to say I love you, oh
Who you will nodes baby I'm really gone

One day you'll open your eyes
And you'll realize
How you're all alone
Cause you've pushed me out the line
Do you know that I'm out girl?
Do you know that I'm out girl?
Do you know that I'm out girl?
I'm out your life

When I'm gone it's gonna take a toll
On your mind, on your heart, oh bless your soul
Cause you won't see the pain till it's right up your door
Oh, but

One day you'll open your eyes
And you'll realize
How you're all alone
Cause you've pushed me out the line
Do you know that I'm out girl?
Do you know that I'm out girl?
Do you know that I'm out girl?
I'm out your life.
