

That Girl

Ester Dean

Yeah Yeah
Yeah Yeah
Yeah Yeah

You say that it's over, but you ain't really over that girl
You say that you ain't fucking, but I think you're still fucking that girl
You say that you ain't fucking, but I think you're still fucking that girl
If you're holding, I feel like this
We can't make it since, no no
I think you fucked that girl
Think you fucked that girl

Something in your eyes boy
Ain't it right boy? When you see that girl
And you ain't got to lie boy
Don't you even try boy
I know you fucked that girl!
Beg you not to leave, I would never
Baby it will be for the better, better
Better for all problems, boy this love can't make it
If it's true!

You say that it's over, but you ain't really over that girl
You say that you ain't fucking, but I think you're still fucking that girl
You say that you ain't fucking, but I think you're still fucking that girl
If you're holding, I feel like this
We can't make it since, no no
I think you fucked that girl
I think you fucked that girl

Don't look so surprised, I just got a ride
We're not hiding now
And you ain't got to stay, I'd gladly let you go
I, I won't hold you down
You said you never cheat, I know better
I want you to leave if you fucked her
'Cause it's better for the both of us
Boy this love can't make if it's true

You say that it's over, but you ain't really over that girl
You say that you ain't fucking, but I think you're still fucking that girl
You say that you ain't fucking, but I think you're still fucking that girl
If you're holding, I feel like this
We can't make it since, no no
I think you fucked that girl
I think you fucked that girl

Do you think of her?
Holding her?
Kissing her?
Do you still missing her?
The smell of her?
Fucking her?

Even though you say
You say that it's over, but you ain't really over that girl
You say that you ain't fucking, but I think you're still fucking that girl
You say that you ain't fucking, but I think you're still fucking that girl

If you're holding, I feel like this
We can't make it since, no no
I think you fucked that girl
I think you fucked that girl

Yeah Yeah
Yeah Yeah
Yeah Yeah
Yeah Yeah
