

Be Alright

Etana

I got my life, I got my pride
I got everything I need to survive
Can't nobody kill my joy
You see half empty, I see half full
Strictly positive, away with the bull
Everything will be alright
Everything will be alright

'Cause every day about ground
Is another day to fight, oh yeah
Fight for you
So keep on knockin', keep on pushin'
Jah will open doors
Doors for you

If Jah be by your side
You can make it just fine
I promise you
He feeds the birds in the sky
And He will for you and I
I promise you

I know it's hard sometimes
To see the diamond in the rough
Time gets hard, the going gets tough
But when Jah [?]
Tippa-top, tippa-top

If Jah be by your side
You can make it just fine
I promise you
He feeds the birds in the sky
So what about you and I
I promise you

Jah love is real, real
Too blessed to be stressed
I don't worry 'bout nothin'
Real, real
Yeah yeah

Oh, when troubles come
When the fight is on
Don't you give up
Just hold on, be strong
Even when thou chips are down
And you're back against the wall
Jah Jah keeps you standing strong

If Jah be by your side
You will make it just fine
I promise you
He feeds the birds in the sky
So what about you and I
I promise you

Jah love is real, real

Too blessed to be stressed
I don't worry 'bout nothin'
Real, real
Yeah yeah

Jah love is real, real
Too blessed to be stressed
I don't worry 'bout nothin'
Real, real
Whoa

Real, so real
My God is real
Oh Jah, Jah
Yeah yeah yeah
Real
Oh real
