

Beautiful Day

Etana

I'm not going to work today
Such a lovely day
Oh, what a lovely day
The sun is shining, people smiling
I know what a lovely day
It should feel like this every day
We could share this moment
Take some time, slowly take it ease
Stop and smell the daisies, the rose
Listen to the melodies of the singing birds
Oh such a lovely day
The sun is shining, people smiling
I know what a lovely day
It should feel like this every day
I wish I find a start tonight
Pray tomorrow is just as right
Cause there's so much joy in the air
Happy faces, everywhere
And oh, such a lovely day
The sun is shining, people smiling
I know what a lovely day
It should feel like this every day
I'd live forever in this time
Happy moments don't you drift away
I pray you'll stay this way
So tomorrow will be like today
Cause oh, such a lovely day
The sun is shining, people smiling
I know, such a lovely day
It should feel like this every day
Oh such a lovely day
The sun is shining, people smiling
I know, such a lovely day
It should feel like this every day
Oh what a lovely day
The sun is shining, people smiling
I know, what a lovely day
It should feel like this every day
Oh, such a lovely day
People smiling, a lovely day
