

# Clap

Etana

Baby don't you let me go  
Feeling the motions  
Sweet like sin when you go  
Submerge in my holy water  
Waterfalls baby hear my body call  
Calling for you, only for you  
I'm Wanting you, you want me too

I make it clap clap clap clappin' like Diwali riddim  
Said he didn't know I put it down like I did  
Said he didn't know I had so much within  
Me yeah  
Clap clap clappin' like Diwali riddim  
Said he didn't know I put it down like I did  
Said he didn't know I had so much within  
Me yeah

He like the way I I  
Move my little waist like this  
He lovin' the island vibes  
Wanna ride my waves tonight  
He like the way I I  
Move my little waist like this  
He felling the island vibes  
Wanna ride my waves tonight

Foot prints trailing on a sandy beach  
Always haffi have you have you inna mi reach  
Shadows of us making love on the sea yeah  
Hold me close and never let me go  
Serenade you like it's mind control  
You know you have mi yuh nuh need control  
Your ting up and away we go

I make it clap clap clap clappin' like Diwali riddim  
Said he didn't know I put it down like I did
