I Will

Etana

Hey
Hey-ey

I will always
Always be rising
I will always
Be forever surviving

I will always
Be more than they're expecting
I will always
I will always be

If I stumble, I will stand up straight again
'Cause I know (I know)
I must not fail

Even in the darkest days, I'll never be afraid
'Cause I know, I know
I will find my way

Jah let the sun come shining in our lives again
Sunshine
And let the wind keep blowin'
Blow love in the air

Keep the children playing, laughter everywhere
Generations have past, generations to come
Nothing to compare

If I stumble, I will stand up straight again
Because I know (I know)
I must not fail

Even in the darkest days, I'll never be afraid
'Cause I know, I know
I will find my way

I'll find my way

I will always
Always
Be right here
I will always (I will always)
Be forever surviving

I will always
Be more than they're expecting
I will always (I will always)
I will always be

If I stumble, I will stand up straight again
Because I know (I know)
I must not fail

Even in the darkest days, I'll never be afraid, never
'Cause I know, I know

I will find my way

I will find my way
I will find my way
I will find my way
I will find my way
I will find my way
I will find my way
