

Moving On

Etana

He don't call no more
He don't write no more, no, no, no, no
He don't come by no more
Yeah, he's gone, he's gone for sure

All I have is memories
These words and the melody
This song to keep me happy
No, I ain't gon' be lonely

I'm gonna find my favorite song in my car
And drive real fast and go real far
To the crest of the hills, to the top of the mountains
Stare at the stars, move on

I'm gonna find my favorite song in my car
And drive real fast and go real far
To the crest of the hills, to the top of the mountains
Stare at the stars, move on

(Move on)
Yeah, yeah, yeah, alright now
(Move on, move on)
Yeah

People are people, they're gon' be who they be
Got no time to be sad, baby, I gotta do me
I'm gonna get dressed up, put on some makeup, yeah, yeah
I'm gon' pick my cell phone, I gotta get me some love

I'm gonna find my favorite song in my car
And drive real fast and go real far
To the crest of the hills, to the top of the mountains
Stare at the stars, move on

I'm gonna find my favorite song in my car
And drive real fast and go real far
To the crest of the hills, to the top of the mountains
Stare at the stars, move on

(Move on)
Yeah, yeah, yeah
(Move on, move on)
Yeah, yeah, yeah, yeah, yeah, yeah

Oh, gimme love, gimme love, gimme lovin'
Gimme love, gimme lovin', lovin'
Oh, gimme love, gimme, please gimme lovin'
Oh, gimme love, gimme love, gimme lovin'
(Give love)
