

On My Way

Etana

Trodding through the streets I go
Everybody si mi done know
High meditation, strict dedication, straight from the roots I grow

I'm on my way, I'm on my way
Thought the journey is so rough I got to carry on
I'm on my way, I'm on my way
Thought the journey is so rough I got to carry on

The night is getting cold
No place to rest my head
Old stone became my pillow, concrete became my bed
Although the journey is long, got to keep on pressing on
The battle will be won at the end of the day

I'm on my way, I'm on my way
Thought the journey is so long I got to carry on
I'm on my way, I'm on my way
Thought the journey is so long I got to carry on

Trodding through the streets I go
Everybody si mi done know
High meditation, strict dedication, straight from the roots I grow

At the end of the day, all a Jah children say
Clean hands pure heart, righteous thought, and the most high will guide your way
I know when I get there, it won't be sudden flight
And toiling from sun up, still toiling throughout the night
Jah bless me with endurance so I'm keeping up the fight
I'm never giving up no way as long as I got life

I'm on my way, I'm on my way
Thought the journey is so rough I got to trod along, trod along
I'm on my way, I'm on my way
Thought the journey is so rough I got to move along

Trodding through the streets I go
Everybody si mi done know
High meditation, strict dedication, straight from the roots I grow

I'm on my way, I'm on my way
Thought the journey is so long I got to move along
I'm on my way, I'm on my way
Thought the journey is so long I got to carry on

The night is getting cold
No place to rest my head
Old stone became my pillow, concrete became my bed
Although the journey is long, got to keep on pressing on
The battle will be won at the end of the day

I'm on my way, I'm on my way
Thought the journey is so long I got to carry on
I'm on my way, I'm on my way
Thought the journey is so long I got to carry on
