

# Strongest

Etana

Pick yourself up from off the ground  
I hate to see you just lying around all day  
No frin astrain is gonna come around  
So loose them shackles don't you be a slave  
You got life so forget about your grave  
And if you wanna win, you gotta put up a fight  
Put up a fight, hey

Cause only the strongest of the strong will survive  
And only the fittest of the fit will stay alive  
You can't run ina di gillian with no fire in your eyes  
And if you wanna get to zion, you need a will, you need a drive

Not everyday is gonna be a paradise, no  
There comes a time when you will have to pay the price  
And if you waan good, make that sacrifice  
They say good things come to those who wait  
But the greatest things are bout to go the will create  
Put your mind to good use and put some food on your own plate  
Own plate

Cause only the strongest of the strong will survive  
And only the fittest of the fit will stay alive  
You can't run ina di gillian with no fire in your eyes  
And if you wanna get to zion, you need a will, you need a drive

You got to start from somewhere  
Start from somewhere  
So when life can't seem [?]  
And if you wanna live, try fight fire pon fire

All the people around you  
Realize they ain't really with you  
Everything will come so easily  
But in time you will have to learn  
In your struggle you will feel the heat  
But you can't rise without a burn

Because only the strongest of the strong will survive  
And only the fittest of the fit will stay alive  
You can't run ina di gillian with no fire in your eyes  
And if you wanna get to zion, you need a will, you need a drive

Only the strongest of the strong will survive  
And only the fittest of the fit will stay alive  
You can't run ina di gillian with no fire in your eyes  
And if you wanna get to zion, you need a will, you need a drive

Survival, survive, survive  
Survival, only the fittest, only the strongest  
You got to fight, you got to fight...
