

The One

Etana
Hey Wyre
Can I be the one for you
Lion

I got a question (oh oh)
That's haunting me (talk to me)
I'm curious (oh oh)
Can I be your queen

Can you be the one for me (can you be)
Can you be my everything
Can we be together (oh yes yes) for a lifetime
Can you be (can you be) the one for me

Live a rhythm meets the sea
Till all eternity
Until the end of time, oh baby
I want you to be mine

Can you be (could you be the one) the one for me
Can you be my everything (my everything)
Can we be (oh yes, yes, together for all eternity)
Can you be (can you be) the one for me

I love you
You love me
Could you be
The One

I love you
You love me
Could you be
The One

Baby I want you always
Every second of every day
Baby I need you always
Let me show you my love is for real
Baby I want you always
Every second of every day
Baby I need you always
Let me show you my love is for real

Can you be (oh can you be) the one for me
Can you be (mimi nah weh weh) my everything (my everything)
Can we be together (together for all eternity)
Can you be (can you be) the one for me

Can you be (oh can you be) the one for me
Can you be (mimi nah weh weh) my everything (my everything)
Can we be together (together for all eternity)
Can you be (can you be) the one for me

Can you be the one for me
Can you be my everything
Can we be together for a lifetime

Can we you be the one for me
