

# Train

Etana

Take the train to meet me  
All in the rain  
All in the rain  
Maybe you  
Take the train to meet me  
All in the rain  
All in the rain

On this lonely afternoon  
See my love is coming soon  
Another chance to meet again  
Running through the stormy rain  
Pack your bags  
No more misery  
Love was meant to be  
For all eternity  
Could you

Take the train to meet me  
All in the rain  
All in the rain  
Could you  
Take the train to meet me  
All in the rain  
All in the rain

Take my hand  
Promise not to let go  
Come and go with the flow  
Promise not to say no  
Give me a chance  
To see what love can do  
Don't miss this rendezvous  
On this lonely avenue  
Could you

Take the train to meet me  
All in the rain  
All in the rain  
Could you  
Take the train to meet me  
All in the rain  
All in the rain

Emm  
Eem emmm  
Hey, hey  
Ooh ohh  
Eemm hey  
Could you

Take the train to meet me  
All in the rain  
All in the rain  
Maybe you  
Take the train to meet me  
All in the rain

All in the rain  
You, you ooh
