

# Wherever You Are

Etana

Oh, my love  
I'll pray to speak to you today  
However far  
Wherever you are  
Wherever you are

Oh, my heart  
Is there a chance that we could touch  
The broom  
How I assume  
Wherever you are  
Wherever you are

Feeling like you're feeling blue  
And it's all because of all that's not for you  
Oh, feeling happy, feeling sad  
And I know  
So be kind  
You make me and you  
You mean the world to make it free  
However be  
Wherever you are  
Wherever you are

Oh, my train  
I have seen the light that shine  
Without, from within  
Wherever you are  
You are  
You are  
Like a real love

You  
You
