Eterna

Concerning the things that TV  
Has been telling me  
Showing the bloodness on lies and hapened my dreams  
The prince of this social disease  
Believe me, it attacks to kill  
and speaks something  
about respect and love  
destroys all my dreams!

I am waiting for no minute longer  
All the nights they will want more  
And pervert in my conscience make  
the past, with coins in my eyes!

Chorus:  
They shake their heads and they don't look for  
To those who needs them  
And find an easy way out to come back to streets  
someday better wake up before! 2x

Oh Oh oh  
Oh Oh Oh  
Oh Oh Ohhh! 2x

Wolf disguised in sheep  
always persecuting me  
Ahead up one fect that will bleed  
and deceiving the bore  
And deceived the people he should be  
Believe me, it attacks to kill  
and speaks something  
about respect and love  
destroys all my dreams!

I am waiting for no minute longer  
All the nights they will want more  
And pervert in my conscience make  
the past, with coins in my eyes!

Chorus

OHH

I am waiting for no minute longer  
All the nights they will want more  
And pervert in my conscience make me  
the past, with coins im my eyes!

Chorus
