

# First Murder

Eternal Legacy

-VERSE 1-

Kicked around, and hammered to the floor  
Beneath the skies, of a damp new morning night  
Suffocated and beaten blind, terrorized, erased from life  
The last eye closes and all breath thins to...

-CHORUS-

Frightened  
Running down the road again  
Living a nightmare alive  
Blackened  
By the mask of doom again  
Dripping in blood

-VERSE 2-

Running up the stairs, trembling to the bone, heart cold as stone...  
Where to go, where to hide, It's uncertainty for sure...  
Just like a creature from hell, with a silent yell, praying for... eternal... re  
st...  
Charging out the damn door...

-CHORUS-

Frightened  
Running down the road again  
Living a nightmare alive  
Blackened  
By the mask of doom again  
Dripping in blood

[SOLO]

-BREAK VERSE-

Murder in a civil place...  
For the first time...  
Not the last...

On the run moving face to face  
Without reason...  
Just a craze...

-CHORUS-

Frightened  
Running down the road again  
Living a nightmare alive  
Blackened  
By the mask of doom again  
Dripping in blood

Frightened

Running down the road again  
Living a nightmare alive
