

# Faith In Love

Eternal

Hmmm, hmmm

Let's all have faith in love  
It's what we're dreaming of

Let's all have faith in love  
Faith in love  
It's what we're dreaming of  
Dreaming of  
(That's all my love)  
Peace is the source of love  
Love  
To make things right  
We should unite  
Get up and fight another day and we'll be alright

I know that life is cruel  
But remember the golden rule  
Tell me one day we can be free  
It may be painful, but just believe oh  
(Just believe)

Life can be a better place  
(Life's a better place)  
Just hold on  
(Hold on)  
And I will be there for you

Let's all have faith in love  
Faith in love  
It's what we're dreaming of  
Dreaming of  
Peace is the source of love  
Love  
To make things right  
We should unite  
Get up and fight another day and we'll be all right

To me things seem so clear  
Why can't you see?  
Baby don't go, you know how much you mean to me  
Surely its better to receive, oh

Memories of hate and pain  
(Memories of hate)  
Might not last  
Have faith in me

Let's all have faith in love  
Faith in love  
(Let's all have faith in love)  
It's what we're dreaming of  
Dreaming of  
(It's what we're dreaming of)  
Peace is the source of love  
(To make things right)  
Love  
To make things right

We should unite  
Get up and fight another day and we'll be alright

Let's all have faith in love  
Faith in love  
It's what we're dreaming of  
(It's what we're dreaming of)  
Peace is the source of love  
Love  
To make things right  
We should unite  
Get up and fight another day and we'll be alright

You're on the wrong track Jack  
Get off the rat race  
I wanna see you filled with grace  
Stop all this crap and get right back to a world that is good  
And a man that is on that phat!

They have respect for each other  
And now we're busy beatin' down on a brother  
When will this madness end, somebody tell me  
Or is the world just crazy?

Let's all have faith in love  
Faith in love  
It's what we're dreaming of  
Dreaming of, dreaming of  
Peace is the source of love  
Love  
To make things right  
We should unite  
Get up and fight another day and we'll be all right

Let's all have faith in love  
Faith in love  
It's what we're dreaming of  
Peace is the source of love  
Love  
To make things right  
We should unite  
Get up and fight another day
