

## It's Never Too Late

Eternal

It's never too late  
It's never too late

It's never too late  
The Lord will see you through  
Just call on his name  
And his strength and love will guide you  
Just open up your heart  
And he will turn your life around  
He's able, able to guide you, need you  
Just open up your heart  
And invite him to come in  
Just believe in him  
And know that it's never too late  
It's never too late
