

Only Human

ETERNITY ∞

I don't know why I can't handle this life
It goes on by
And I'm one step behind
I don't know why love is not always right
It goes on by
And I'm one step behind

I am I am

Only human
Only human
And we do what we do
And we are what we are
Only human
Only human
And we do what we do
And we are what we are

I don't know why I keep chasing the time
It keeps on running so I pick up my stride
I don't know why it's either black or just white
Solutions fall
Between the lines

Only human
Only human
And we do what we do
And we are what we are
Only human
Only human
And we do what we do
And we are what we are

Everyone's connected by one great divide
We're only human, we don't always know why
Solutions keep falling between these lines
We're only human we try to understand why

And we will do what we will do
And we will do what we will do
And we will be what we will be
We're only Human

Only human
Only human
And we do what we do
And we are what we are
Only human
Only human
And we do what we do
And we are what we are
