

SLEEP PARALYSIS DEMON

Ethan Bortnick

Pour me the liquor
Fill up the vial
You're stuck in here
For a little while
Hallucinations
To help you drown
No one can hear you
Scream without a sound

No need to teach you
My native tongue
Savor your brain
My favorite drug
A lucid dream
A croupy cough
You tried to fall asleep
But now you're falling off

I got shot in the face
Now I can't move
Don't get attached
Movin' to fast
You know how time moves
Cause the demon knows my vice
Yeah I'm see through
I got put in a trance
Stole my front tooth

Stunt devil
My spinal door
Is open for my
Stunt devil
Fell off the bed
I broke my leg

Wake up!
Wake up!

Misery loves company
I'll be back
Remember me
Cheap imitation
Hypnotic touch
Invite myself inside to make your body numb

I got shot in the face
Now I can't move
Don't get attached
Movin' to fast
Yeah, I'm that dude
Cause the demon knows my vice
Yeah I like boobs
How am I in Dubai?
How did I move?

Stunt devil
My spinal door

Is open for my
Stunt devil
Fell off the bed
I broke my leg

Wake up!
Wake up!
Wake up!
Wake up!

Stunt devil
My spinal door
Stunt stunt devil

Wake up!
Wake up!
Wake up!
Wake up!
Wake up!
