

## Heat Wave

Ethel Waters

We're having a Heat Wave,  
A tropical Heat Wave.  
The temp'rature's rising,  
It isn't surprising.

She certainly can, can-can.  
She started the Heat Wave  
By letting her seat wave.

And in such a way  
That the customers say  
That she certainly can, can-can.  
Gee her anatomy, made the mercury  
Jump to ninety three. yes sir!

We're having a Heat Wave,  
A tropical Heat Wave.  
The way that she moves  
That thermometer proves  
That she certainly can, can-can.
