## I Wish I Didn't Love You So

## **Etta Jones**

I wish I didn't love you so

My love for you should have faded long ago.

I wish I didn't need your kiss

Why must your kiss torture me as long as this.

I might be smilin' by now With some new tender friend. Smilin' by now With my heart on the mend.

But when I try
Something in that heart says "No".
You're still there
I wish I didn't love you so.
