

Fuck Everything

Euringer

"Hey, alright, c'mon. C'mon!
I'm coming!
C'mon!
I'm coming, hold on, I'm coming!
C'mon
I'm coming!"

C'mon, and let me show you what it's all about
Scream and shout and make your mama want to cry
About you, oh no
Hey, baby, let's go
Let's never stop never stop no
And if we never come back then
Fuck everyone, all of it
Everything, oh

We can make a move in the night
Pack it up and grab your best friend 'cause you know
That they will never get away with it
Hey, never stop never stop no
And we will never come back so
Fuck everyone, all of it
Everything, oh!

Baby, let's go
Baby, don't stop, this world is no friend of ours
And when we present all of the evidence
F-F-F-Fuck everything (everything)
Oh, partners in crime
'Til the day we die
Oh, all of humanity
They will maintain, every shred of their innocence
F-F-F-Fuck everything (everything)

"Hey (What?)
Hey (What?)
Hey! (What!)"

Hey, something good always comes out of the bad
And they'll never find the love that we had
Living each day as if it was our last
Money talks, and bullshit walks

And if we never come back then
Fuck everyone, all of it
Everything, oh
We can run away in the night
Just say when, 'cause I am ready to die
Bullets with our names on it
Oh, we will never stop, never stop, no
And we will never come back so
Fuck everyone, all of it
Everything, oh!
Baby, let's go
Baby, don't stop, this world is no friend of ours
And when we present all of the evidence
F-F-F-Fuck everything (everything)

Cry, kiss yo mamma good-bye
The most beautiful sound in the world is
"Go fuck yourself"
And when we read all the garbage in the headlines
F-F-F-F-Fuck everything (everything)

Everything (everything) ...

Without you, I could never get away from it
Without you, I would never get away from it
Without you, 'cause we know where all the bodies are buried
Without you, I could never get away from it
Without you, I would never get away from it
Without you, 'cause we know where all the bodies are buried
'Cause we know where all the bodies are buried
(You have the right to kiss me now)
'Cause we know where all the bodies are buried
