

# No Smoke

Eva Avila

You said you loved me (As a matter of fact)

I guess I fell for it, almost believed in it  
I let my heart rule my head  
You really got to me, your sensuality  
But pleasure ain't my only need

You thought you pulled the wool over the little lambs eyes  
I was spellbound, hypnotized, but don't you patronized

You said you loved me  
I was so blind  
You had my world spinning 'round and 'round  
You said you need me  
Is that a matter of fact  
Well, everybodys talking behind my back  
You said I was your heart and soul desire  
There ain't no smoke without fire

An educated guess tells me your faithless (faithless)  
Lie through your teeth, but your eyes confess  
You got no dignity(don't know), you ain't no good for me(don't know)  
So save your tears and get off your knees

You thought you pulled the wool over the little lambs eyes  
I was spellbound, hypnotized, but don't you patronized

You said you loved me  
I was so blind  
You had my world spinning 'round and 'round  
You said you need me  
Is that a matter of fact  
Well, everybodys talking behind my back  
You said I was your heart and soul desire  
There ain't no smoke without fire

I guess I fell for it

Oh I was so blind

I guess I fell for it

I almost believed it

I was spellbound, hypnotized, but don't you patronized

You said you loved me  
I was so blind  
You had my world spinning 'round and 'round  
You said you need me  
Is that a matter of fact  
Well, everybodys talking behind my back  
You said I was your heart and soul desire  
There ain't no smoke without fire  
Fire, there ain't no smoke, without fire
