

## Somewhere

Eva Cassidy

Is time my redeemer?  
Loneliness my only friend?  
Just once in a lifetime  
Strangers share a common end  
And I like an arrow  
Straight for love I went again  
And you like tomorrow  
Never knowing where an when.

Somewhere, somehow  
At sometime someone cared  
Maybe just for a moment  
Or maybe for a lifetime  
Are the threads that bind us together  
Falling loose or growing stronger?  
Look at it now, look at the picture  
Has it changed or is it still the same?

Hear, hear, hear, hear...
