

Blessing

Eva Simons

Welcome to the sun
Never look down, always on the run
May I always aim for higher
If you're runnin' all your life
Understand, you are holdin' onto faith
No doubt, our days will end

Hopin' for a blessin'
Even though most are laughin'
So many hopeless days
Find me now (find me now)
Hopin' for a blessin'
Even though ghosts are laughin'
So many hopeless days
Find me now (find me now)

Worlds away from what it seems
The pieces comin' closer
One roadblock, one mark, one sound
Had to learn to follow all my dreams
I will never leave them
And the voices that will hold me down

Hopin' for a blessin'
Even though most are laughin'
So many hopeless days
Find me now (find me now)
Hopin' for a blessin'
Even though ghosts are laughin'
So many hopeless days
Find me now

Hopin' for a ble-
Hopin' for a ble-

Hopin' for a blessin'
Even though most are laughin'
So many hopeless days
Find me now
