

# Like That

Eva Simons

I'm excited what you asked me for  
But why you wanna do me just like that  
I'm excited what you asked me for  
But why you wanna do me just like that

There is no distortion, I get no complaints  
This is not a tainted love, won't fade away  
You're like a magic potion, runnin' through my veins  
I feel the love, I feel the love

Head high, no retorsion  
I feel the love, I feel it  
Head high, no retorsion  
Feel this love igniting in my dreams

I'm excited what you asked me for  
Why you wanna do me just like that  
(Just like that, just like that)  
Feel it burning down into my dreams

I'm excited what you asked me for  
But why you wanna do me just like that  
I'm excited what you asked me for  
But why you wanna do me just like that

Like that  
Like that  
Like that  
Why you wanna do me just like that

We are minds in motion, perfect synergy  
Visualize and there you are, you come to me  
We're tuned in a higher solid frequency  
I feel the love, I feel the love

Head high, no retorsion  
I feel the love, I feel it  
Head high, no retorsion  
Feel it burning down into my dreams

I'm excited what you asked me for  
But why you wanna do me just like that  
I'm excited what you asked me for  
But why you wanna do me just like that

Like that  
Just like that  
Like that  
Why you wanna do me just like that

Just like that  
Like that  
Why you wanna do me just like that

Blood red skies and I planned no fire  
We are not the last living on this planet, no war this time  
I don't care what you did last night

I 'm excited what you asked me for  
But why you wanna do me just like that  
I 'm excited what you asked me for  
But why you wanna do me just like that
