Unstoppable

Eva Under Fire

Untouchable
Unstoppable

They told me there's a fine line
Between a good time and a flat line, baby
They told you that you're nothing
That you're no good
And you never could, baby
Til that night we let the sparks fly
Fuel to the flame
Like rain to a hurricane now, baby
Nothings getting in our way

Gonna light em on fire
Prove em all wrong
Bonnie and Clyde all night long
Gonna be savage, this is our song
Gonna be untouchable, unstoppable
Liars prove em all wrong
Bonnie and Clyde all night long
Gonna be savage, this is our song
Gonna be untouchable, unstoppable

They told us we could never have
Something that would last
We were too fast, baby
Late night drive out on the run
A couple young guns
Gettin' wild and crazy
Hands up high, no we're not done yet
In a stolen red Corvette
Hit the gas cause we're gonna give it all we got
No holding back and no regrets

Gonna light em on fire
Prove em all wrong
Bonnie and Clyde all night long
Gonna be savage, this is our song
Gonna be untouchable, unstoppable
Liars prove em all wrong
Bonnie and Clyde all night long
Gonna be savage, this is our song
Gonna be untouchable, unstoppable
Unstoppable...

(We're here to run this town
Ain't gonna stop us now)
You can say what you want to
Say what they say
You know it don't make
No difference to me
Say what they want to
Say what they say
Nothing's getting in our way!

Gonna light em on fire
Prove em all wrong

Bonnie and Clyde all night long
Gonna be savage, this is our song
Gonna be untouchable, unstoppable
Liars prove em all wrong
Bonnie and Clyde all night long
Gonna be savage, this is our song
Gonna be untouchable, unstoppable

Untouchable
Unstoppable
Untouchable
Unstoppable
