

Shadows

Evadne

[Intro]

You lay asleep for a long time
The flame so weak, so ethereal your fire
So many hands have tried to capture your light
And they've fallen into the darkness of your forests

[Chorus]

Shadows between two skies
You've cursed the Sun and the night comes now
The light goes down
You hide the Sun and the night burns

[Verse 1]

Your shade carves ancestral fears in my blood
I have lost all my memories in the ethereal dusk
Jasmine burns and its flames spread a darkness
That swallows all

[Verse 2]

I'll show your fears in a handful of dust
I'll show your tears over a world of hardships
And I hear your screams in an eternal while
Raised the knife to the moonlight

Stabbing his blade in the depths of my heart
Unveiling me ethereal oaths
Like a mirage in the distance
We walk towards the

[Chorus]

Shadows between two skies
You've cursed the Sun and the night comes now
The light goes down
You hide the Sun and the night burns

[Interlude]

So many hands have tried to capture your light
And they've fallen into the darkness of your forests

[Chorus]

Shadows between two skies
You've cursed the Sun and the night comes now
The light goes down
You hide the Sun and the night burns

[Outro]

Shadows between two skies
You ride the Sun
While the tears flow down
