

# A Thousand Times

Evan Honer

Sky is falling I'm falling too  
If you had the time I'd love to ask you  
Do you read just for the hell of it?  
Or you mind you try to settle it?  
From all the ways the world try to bring you down

Silver carpet with shades of red  
I lie waiting and realize I can't let this end  
I'm not sure what will come of it  
But darlin' it's evident  
I'll do everything I can to keep you around

Well I'd wade through the worry I'd carry your doubt  
I'll trip on my words see but I'll figure it out  
I'd place all the weight on your shoulders to mine  
I'll do it without question I'll do it a thousand times

Seasons changing far too fast  
Got a string of dumb questions I know you've been asked  
But I'm curious to where you stand, spontaneous or making plans  
?  
'Cause the last thing I'd want is to disappoint you

And I'm feeling low on days you're not here  
I'm still hesitant to tell you this my head interferes  
But I'm learning these songs that you long to sing  
And I'm writing down words I thought I'd never see

Cause I'd wade through the worry I'd carry your doubt  
I'll trip on my words see but I'll figure it out  
I'd place all the weight on your shoulders to mine  
I'll do it without question I'll do it a thousand times  
I'll do it without question I'll do it a thousand times
