

Fear

Evan Taubenfeld

There's a time and place
That nobody should ever face
And it's dark
Can't scape
I'm waiting for myself to awake

And everything
Everything was all good
And now it's not
I don't know what to do

I hope that everything's okay
I just wanna run, just wanna hide
And make it go away
Make this go away

You know I am amazed
How quickly my whole life could change
I was writing yesterday
That I don't even know who I am

Am I going insane?
My thoughts gonna go away
Nothing I do or say
Will help me to make all of this end

And everything, everything was all good
And now it's not
I don't know what to do

I hope that everything's okay
I just wanna run, just wanna hide
And make it go away
I hope that everything's okay
I just wanna run, just wanna hide
And make it go away

I had it all
For so I thought
I really had nothing
(Now I know)
Now I know why
And go away

I hope that everything's okay
I just wanna run, just wanna hide
And make it go away
I hope that everything's okay
I just wanna run, just wanna hide
And make it go away
And go away
