

This Is Goodbye

Evan Taubenfeld

Thought we had it all
You did not
I took this all for granted
And now you're gone
'Cause I'm not good enough
You'll move on
And find somebody better

This feels wrong
This is way too hard
I guess we should say it

This is goodbye
So long we tried
I tell you I'm done as you started to cry
Don't say this is wrong
When you should know why
'Cause this is goodbye it's over
We tried

Wish I could have showed you
What we've got
I'd give everything that I have to make you stop
Why can't we start again?
Now it's really over

I'm so lost
This is way too hard
And I don't know how I'll get through it
I'm starting to give up
And now I have to face it

This is goodbye
So long we tried
I tell you I'm done as you started to cry
Don't say this is wrong
When you should know why
'Cause this is goodbye it's over
We tried

Do you wanna go?
I don't think you know
I'll be better off

And this is way too hard
And I want to forget you

This is goodbye
So long we tried
I tell you I'm done as you started to cry
Don't say this is wrong
When you should know why
Cause this is goodbye it's over
We tried

Nothing left for me to say (goodbye)
It's so hard to walk away (goodbye)

I'll come back and tell you why one day
