

## The Game Is Over

Evanescence

Had enough, I've really  
Had enough  
Had enough of denial  
I'm not alright, but I'm not gonna lie  
I don't know that I ever was

All alone, I've waited  
All alone  
Held it in as I played by your rules  
I've been biting my lip, but I'm losing my grip  
I'm coming down, down, down

When all the hate burns off, I'm left here with the pain  
Behind our vain devices are we all the same

Change me into something I believe in  
Change me so I don't have to pretend

Take a breath and try to play along but  
I'm a terrible liar  
I feel the world like a brick on my chest  
And the party's just begun  
Throw the rope, I'm wading  
Through the mud  
From your mouth flow a thousand truths  
But you know, there's only one

When all the hate burns off, I'm left here with the pain

Change me into something I believe in  
Change me so I don't have to pretend  
Sweet words, they mean nothing, they're not true  
'Cause the game is over

I want it all or I want nothing at all  
Maybe I can

Change me into something I believe in  
Change me so I don't have to pretend  
Your sweet words they mean nothing, save your breath  
The game is over
