

Your Star

Evanesence

Cmi **Gmi**
1. I can't see your star
Cmi **Gmi**
I can't see your star
Es **Gmi** **Cmi**
Though we're patiently waiting bedside for the death of today
Cmi **Gmi**
I can't see your star
Es **Gmi** **Es**
The mechanical lights of Lisbon frightened it away

Cmi
R: And I'm alone now
Es **Gmi**
Me and all I stood far
Cmi
We're wondering now
Cmi **Es** **Gmi**
All in parts and pieces swim lonely for your own way out

2. I can't see your star
I can't see your star
How can the darkness feel so wrong

R: And I'm alone now...

Cmi **Gmi**
So far away
Es **Gmi**
It's growing colder
Cmi **Gmi**
Without your love
Cmi **Gmi**
Why can't you see me calling your name
Cmi **Gmi** **Es** **Gmi**
Can't break the silence it's breaking me

Cmi **Gmi** **Es** **Gmi**
All my fears turn to rage

R: And I'm alone now...

Gmi
Hey
Cmi **Gmi**
Nothing worth fighting for
Cmi
We're wondering now
Cmi **Es** **Gmi**
All in parts and pieces swim lonely for your own way out
