

## She Fell

Evans Blue

Stand out, because you blend in with the background  
She wrote a rebellion  
I know, there's nothing here I can't live here without  
Except you, my love, she will go on

Over my head  
And you're over my head again  
And She fell  
Over my head  
And you're over me again

Shut up, it's the fairy-tales that save us  
I don't believe either  
It makes no sense to tell you that I love you  
When you're gone, you're gone  
And now, you're gone

Over my head  
And you're over my head again  
And She fell  
Over my head  
And you're over me again

And now, I see you right beside me  
But you won't say my name  
I'm sorry I failed you when I was right beside you  
And you don't feel, you don't feel safe

Stand down, because this is when I count you as part of the background  
I will go on

Over my head  
And you're over my head again  
And She fell  
Over my head  
And you're over me again

But I'm over you again..
