

## Trust Me

EVE 6

I got the 944  
I got the 3-day stubble  
I got my foot to the floor, to the floor  
I got the -- smile  
Been flashing it for awhile  
My jaw's starting to get tired, to get tired

It's nothing personal, dog  
But if you're out for a jog  
You'd best look out for the plates  
That say God

R: I'm the type of guy that can't throw very far but  
You can trust me  
You can trust me  
I'm the type of guy that likes to shoot for the stars  
And baby  
If you love me  
Then you'll trust me

I got the friends in Dubai  
I got the place in Hawaii  
I got the decadent style  
It's the style  
An expensive cigarette  
A twenty year old brunette  
A dog you'd better not pet  
Yeah you bet  
My life is pretty extreme  
It's not easy as it seems  
Just walk a day in my shoes  
In your dreams

R:

You won't believe my flat  
You can quote me on that  
I got an elevator and an endangered cat  
We'll do a couple of lines  
You'll have a splendid time

R:
